HEAVY RAINS IN THIS DISTRICT FOR PAST WEEK

The past week has been a wet one in the Carbon district, as well as for many parts in southern and eastern Alberta. On Thursday night, according to local figures, over an inch of rain fell in the vicinity. Since then it has rained daily and at the time of going to press Wednesday it has been estimated that nearly two and a half inches of moisture has fallen within the week. There is now plenty of moisture in the ground for the balance of the month and then, some and good warm days are now hadly needed to bring on the growing grain and cereals.

TORONTO—Provincial police are guarding Premier Mitchell P. Hurns following threats made against his life made in the past 10 days, a Toronto newspaper said Tuesday.

The newspaper, saying it "learned authoritatively" at Ottawa, reported that threats had been made, further said: "So serious are these threats regarded that provincial police are reported to be keeping a careful but unobtrusive watch over all the premier's movements at the parliament buildings."

"A personal aide and bodyguard keeps him company constantly and his car, in its daily travels, is said to be armed, under police authority, to meet any emergency that might arise."

LONDON—China is seeking British and United States aid, it was revealed here last week, in resisting Japan's alleged violations of China's sovereignty.

Chinese Ambassador Quo Tai-Chi called at the foreign office, reportedly to urge Britain, read a note to Japan, calling attention to the matter.

Similar inquiries have been made in Washington. It was reliably reported here.

Chinese were said to fear the Japanese would attack within a day or two in Chahar province.

Commencing at 11:30 with a mounted parade, for which prizes will be awarded, the big day's sports program will get under way and the action will be on when there will be plenty of excitement for the spectators and participants.

Entries must be made with the Secretary not later than noon on the date of stampede and Alberta Stampede Association Rules will govern all contests.

Beside the stampede events there will be midway attractions, Carnival Booths and a special exhibition of "Fast Riders" Walking there will be plenty of attractions for patrons on stampede day.

In the evening a monster Stampede Dance will be held in the Farmer's Exchange Hall and plenty of old time dance and modern jazz will be provided for the dancers.

H. M. McNaughton and Chas. Guyan have been chosen as Stampede Managers, with S. N. Wright as announcer.

S. P. Torrance is the secretary and all entries should be made with him. Drumheller's big stampede is being held this week and noted riders as Slim Warren, Eddie Warren, Clarence Warren, and Frank Sharp (Hulk) Bruce, Duke Bruce (Hulk) Dismal, Fred and Arthur Gahmman (Gem Colony), Casey Patterson (the unworried Wanderer), Billie Tracer and Cecil Young (Hussar), Norman Ray (Chester), Freddie Oker (Dorothy), Johnnie Miller (Hank Hill), Arnold Montgomery, Phil Lake, Archie Miller and Chas. The justice was trying to secure a

jury for the trial of a criminal. A

man was being questioned as to his

fitness for jury service.

"Do you believe in capital punishment?"

asked the justice.

"Yes," replied the man, "if it isn't

too severe."

Uncle, you're not married, are you?"

No, dear.

Then who tells you what to do?

Father—"What was the chief cause

of the accident?"

Daughter—"The nut that was holding

the wheel was tight."

A very descriptive story on the recent

L.O.D.E. party in the form of

poetry has been received by the Editor

and signed "The Wille". While this

story is very acceptable to The Chronicle,

it cannot be published because it

did not bear the author's signature.

Will the writer please send in his or

her name and address? (not necessarily

for publication, but as one of the

principles of newspaperdom.)

Wife—"I think you ought to talk

to me while I sew."

"No; you sew to me while I read."

We have been requested to publish

the sermon preached by the Rev. Wm.

McNicol, M.A., at the United Church

Carbon last Sunday morning. This will

commence in our next issue and will

be published in two instalments.

the war-like Blackfoot. One can im-

agine his joy at the meeting of the

police. This was the year 1875.

It was not long before a fort was

built on the banks of the two rivers.

The J.A. Baker Company of Boston,

Montana, were employed to haul the

supplies to the new site and assist

in building of the new fort. This

company decided to open a fort of

their own and it was not long be-

fore some of the policemen took their

discharge as their time expired. These

in turn opened up businesses of their

own. This town progressed so well

that by 1885 it was incorporated and

an exhibition board and an exhibition

on exhibition board was formed and

functioned that year.

It is for the purpose of celebrating

these two events that the City of

Calgary and Exhibition and Stampede

Ltd. have invited all ex-members of

this famous Force to attend the re-

union at Calgary.

This is to be no pleasure affair. In

the first place the Calgary Herald has kindly permitted the veterans to use their old office in the Southern Bldg. to be converted into their headquarters and beds will be furnished for the use of those veterans who prefer to sleep there and recall the old barracks-room of years gone by. The only difference will be that there will be a modern building and no lot shanties. The bed will not be made of poles.

The Jubilee and Stampede will start on the morning of July 8th and last

all the week. On Monday morning will be a mammoth parade in which every member of the force is invited to take part. The Hudson's Bay Co. has consented to put in a suitable float for the veterans. Transportation will be furnished the veterans on account of their advanced age. Entertainment will be provided for them during the week. The Exhibition Board will permit all veterans of the Force to enter the grounds free and seats will be set apart in the grand stand for their use. Attempts are being

made to have special railroad fares for ex-members of the force, but nothing definite has been arranged yet.

The Stampede is to be opened by Major General Sir J. H. Macbride, Commissioner of the R.C.M.P. and a musical ride, similar to that shown at New York last year, will be presented. Altogether this will be Mounted Police Week.

Particulars of the veteran's participation can be obtained from J. Nash, Secretary to the Jubilee Committee, 2909 17th Street West Calgary.

The depressed price of farm products is a problem with which everyone is familiar, but on the 1913 basis farm product prices have never been as low as gasoline. Between 1913 and 1934 the gasoline price has almost continuously declined. The data for the above graph are based on figures published by the Dominion Bureau of Statistics.

A DYING WAGE

WHEN I started business in 1880 our first rule was to pay a fair living wage.

In 1919 we decided a living wage was not enough. We should pay a dying wage, too. We knew how hard it is for a worker to make provision for his old age and for his dependents in the event of his death.

So we introduced benefits and pensions plans. Sickness benefits—the incapacitated employee to continue drawing pay according to his term of service; pensions—a fair living allowance for the worker who

reaches old age; death benefits—a cheque immediately for the deceased worker's family. These things lifted a burden of care from our employees' shoulders—made them happier, more enterprising and more efficient. They lifted a burden from the shoulders of the Canadian taxpayer, too.

We are proud of these plans which have helped so much to build up a loyal organization of thousands of Canadian workers. Their devotion to their work has made it possible for us to serve Canada with quality products at lower and lower prices.
